We thought we'd brighten up your dreary winter with some sizzling Shakespeare!

That's why we're reviving our acclaimed audio production of "Macbeth" for a limited time.

In 2021, our virtual production became one of the most critically acclaimed and talked about digital theater pieces in New England and we're excited to bring it back once more so audiences can experience it for the first time or for a revival listen.

It's a "wicked" good listen!
